

Stop the Slaughter of Children: An Appeal to all Catholics

Whoever would harm one of these little ones should have a millstone tied about his neck and be cast into the sea. - Jesus in Matthew 18:6

The vile epidemic of child abuse and trafficking in the Roman Catholic Church shows no sign of easing. Every dollar you place in the collection plate funds those crimes. Under the Vatican policy known as *Crimen Sollicitationas* (1929), you and your priests must assist these crimes and protect child abusers in the church or face excommunication. Your Church leaders are expecting you to help those who harm children and to commit treason by violating your nation's child protection laws.

The law of civilized nations prohibits anyone from being forced to collude in such crime. The Vatican is a convicted criminal body that launders Mafia money, invests in the arms trade and traffics people. *Do you really owe allegiance to such a corrupt syndicate? Do you not owe your loyalty to the higher law of God and of protecting children?*

The just and legal thing for you to do is to withhold your funds from the Church. Fill out the Pledge Form on the reverse and leave it in the collection plate. Just Say No to the Church's war against children!

The evidence of these and other crimes can be found at

PLEDGE OF NON-COOPERATION
WITH CRIMINAL CHURCH PRACTICES

I, _____, acting in faith and in good conscience, hereby pledge to disassociate myself from the policies and practices of the Roman Catholic Church that protect and foster the harming of children, including the Vatican's standing policy of Crimen Sollicitationas.

Until these policies and practices are both officially repudiated and actively abolished, and all those in the Church who harm children are arrested and prosecuted under the laws of our Nation, I will not fund, tithe or otherwise financially subsidize the Roman Catholic Church or its affiliates.
